Re-inventing Delhi: fostering partnerships to steer innovation and sustainable development in world’s next largest megalopolis

NETWORKING EVENT

Innovative approaches for fostering Sustainable and Resilient Cities – Sharing lessons from Asia, Africa and Europe
About
Established in 1976, National Institute of Urban Affairs (NIUA) was tasked to bridge the gap between research and practice on issues related to urbanization and suggest ways and mechanisms to address urban challenges in the country. For more than 40 years now, NIUA has been the vanguard for contributing to, and at times, building the urban narrative for a fast evolving Urban India. The Institution has been actively working on bringing forth key areas of concern for urban India in order to build the urban discourse at various urban scales.

It has utilized its competencies in research, knowledge management, policy advocacy and capacity building to address urban challenges and continuously striving to develop sustainable, inclusive, and productive urban ecosystems in the country. It has emerged as a thought leader and knowledge hub for urban development in India and is sought out by both Indian and International organizations for collaborations and partnerships in India’s urban transforming journey. NIUA is committed towards aligning its efforts towards achieving Sustainable Development Goals (SDGs) through all its initiatives and programs.

Vision
Promoting integrated solutions for urban India.

Mission
To develop new research and expertise for supporting effective innovations in the urban sector and their dissemination through knowledge exchange, training and capacity development.

Reflection of NIUA’s DNA

National Institute of Urban Affairs
1st Floor, Core 4B, India Habitat Centre, Lodhi Road, New Delhi - 110003, INDIA
