Cities of Innovation: Connecting Culture and Innovation

Organization Details
Organization: prince mohammad bin fahd university
Organization Country: Saudi Arabia

Summary
The training session will be conducted as a shared lecture, in which the 3 trainers will contribute based on their area of expertise. After the lecture, participants will be encouraged to ask questions. A hands-on activity will be provided for participants, thus allowing them to use the knowledge just received. At the end of the activity, the participants (in teams) will present their findings or solutions. Discussion and analysis of the activity outcomes will be led by the trainers. A survey will be handed out to measure the perceptions and learning outcomes of the participants.
