Event Details

Title of Event
Forging Partnerships and Initiatives in Support of Culture and Innovation The Case of African Cities

Organization Details
Organization: African Real Estate Society
Organization Country: Kenya

Summary
The participants will learn that it is possible to network across the African Continent, with all its challenges of access. In sharing our experiences we can show that we have our own solutions on issues of sustainable urbanization. Through our annual continental and regional conferences we have been able to learn the positives of each country and what pitfalls to avoid. There will be a discussion of the New Urban Agenda from an African perspective (drawn from the three regions that form the African Real Estate Society (That is, East Africa, West Africa and South Africa). The Training will look at the Sustainable development Goals and the Targets. There will be a discussion on the attempts that have been made to implement these targets.

Other Organization name
University of Nairobi and University of Cape Town
