Title of Event

Towards a new urban culture in Tunisia: advancing inclusive urban policies to achieve territorial balance and equity

Organization Details

Organization: Cities Alliance

Organization Country: Belgium

Summary

This event brings together partners and members of the Cities Alliance partnership to address the challenges of socio-economic development in lagging regions and cities in Tunisia. The panel will discuss how the partnership is working at national, intermunicipal and community levels. Based on the discussion with the audience the event will recommend actions to improve local governance, increase poverty reduction and gender equality through sustainable urban planning, financing and service delivery systems.
