

# UN HABITAT FOR A BETTER URBAN FUTURE ARENA

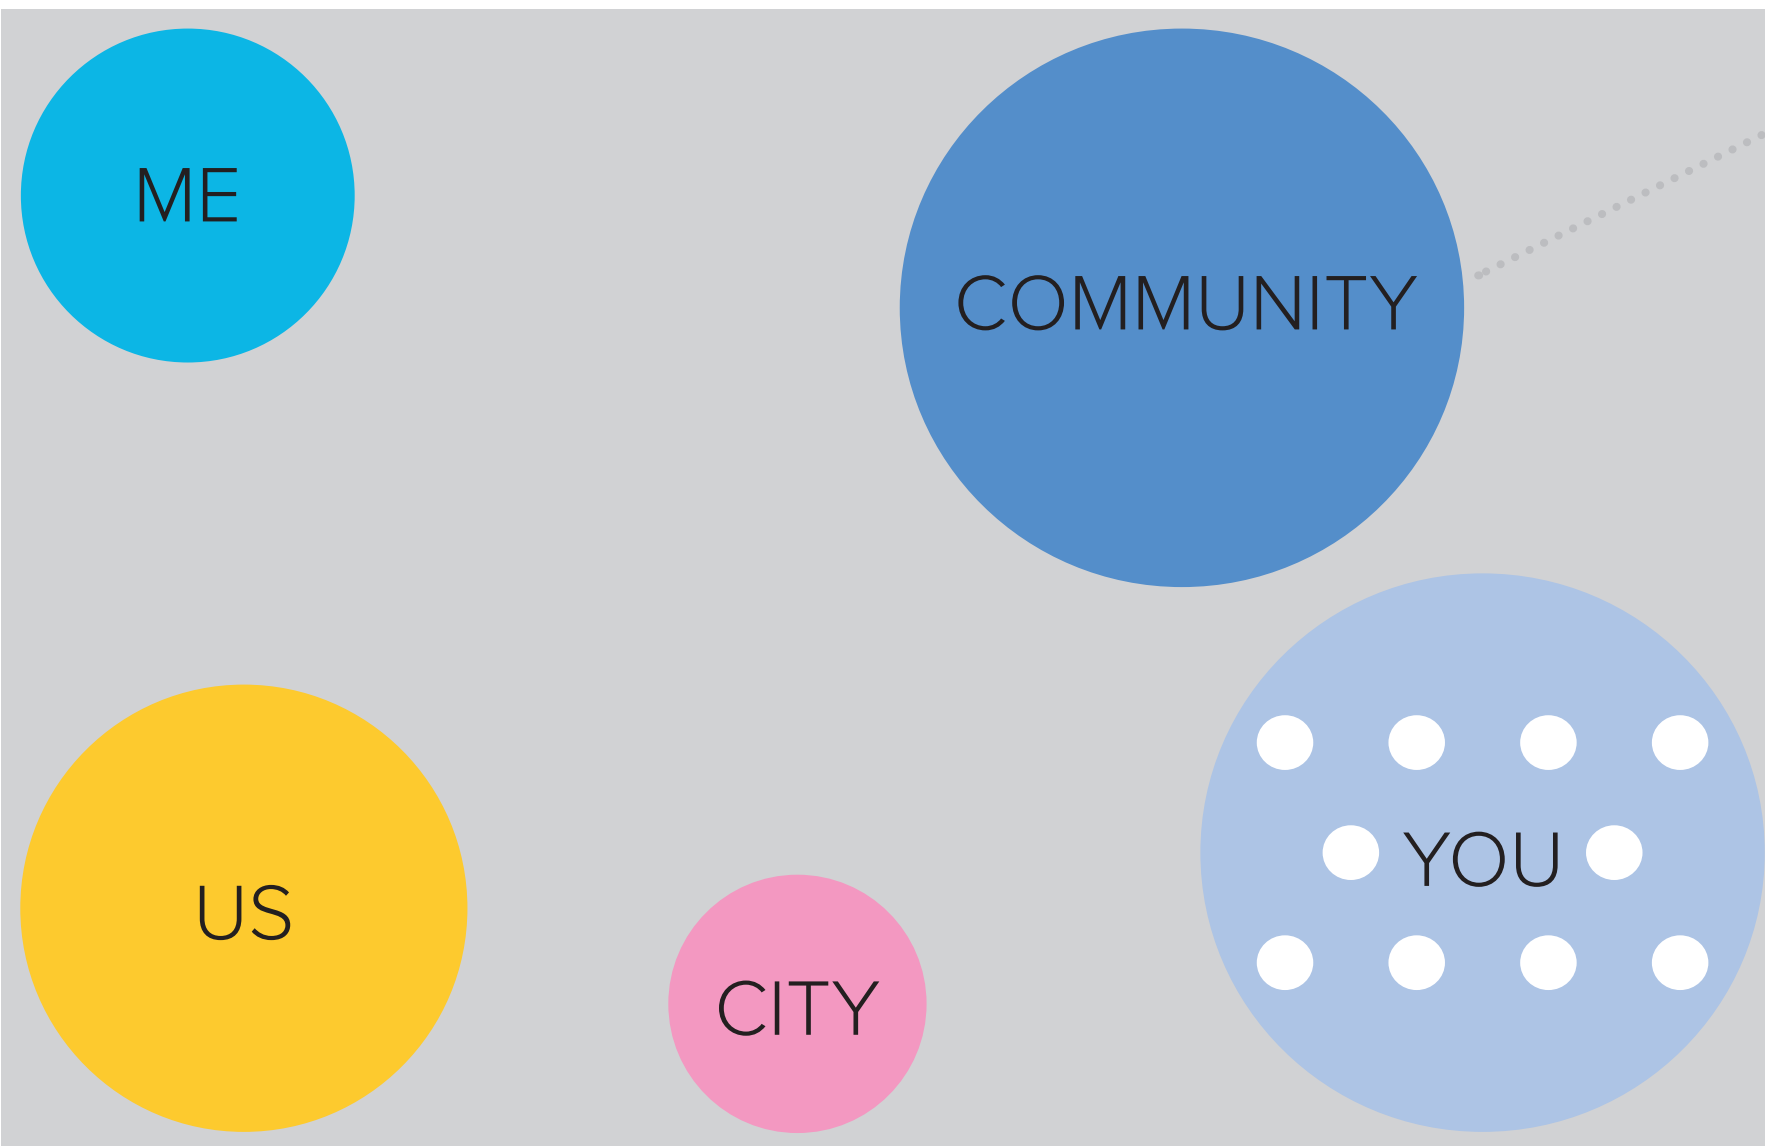

## TRANSFORMER 1 ME

Meet yourself and reflect on your location in the city.

## TRANSFORMER 3 US

Sit with other people and have conversations about transformation. While you observe urban landscapes and their current challenges, the world looks back at you.

## TRANSFORMER 4 OUR COMMUNITY

Join the arena. Learn what is going on in various communities and locations to inspire change.

Contribute ideas to what you think your city needs, state your actions and commitments, your plans for your city and what you can do to positively transform it.

## TRANSFORMER 2 YOU

Talk to another person. Ask them to share a personal story. Meet fellow citizens and learn about the positive change they are trying to create.

## TRANSFORMER 5 OUR CITY

Let yourself be surrounded by Katowice. Connect with the city, go out and experience transformation, find out how the Sustainable Development Goals come to life in the city and find out about UN-Habitat's contribution to the city's transformation.

Inspired by the theme of the World Urban Forum 'TRANSFORMING OUR CITIES FOR A BETTER URBAN FUTURE'
