

# 15-minute City and the city of proximity: Global examples and learnings so far

**5 Nov**  
17:00 hours  
Multipurpose room 02  
(NE 02-03)

**Networking  
event**

**WORLD  
URBAN  
FORUM**  
TWELFTH SESSION

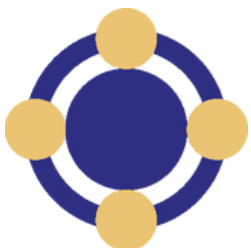

## Why you should attend

The 15-minute City concept brings up a strong vision and narrative, which is currently being tested worldwide.

In this interactive session, we explore the relevance and adaptability of such concepts, esp. in the context of African urban environments.

By taking up global experience and reflecting it with local realities, the discussion will focus on strategies, policies, and practices to implement the city of proximity
